UNGER AND

THE WAR CORRESPONDENT RETURNS TO SAN AND ENCOUNTERS ANOTHER WAVE OF DOUBT REGARD-ING HIS HAIR CUT TO PROVIDE FOR DISGUISING HIMSELF AS A CHINESE BANDIT.

SAN FRANCISCO, July 15 .- Frederick W. Unger, the home-coming newspaper man, echoed the plaint of all the returning war correspondents. He was unable to get near the firing line and was only permitted to view the progress of the war from a long distance. The top of his head is shaved in the Chinese style. This is a feature of the disguise he adopted in his attempts to get into the zone of conflict. He says he joined the Hung Hutsus, or Red-Haired Bandits, who are Chinese irregulars now in the Japanese service. He drifted around awhile with these fierce barbarians, but his companlons never seemed anxious to get within lancing distance of the equally fierce Cossacks. When he heard that Etzel, another correspondent, had been killed by the Chinese soldiers, he decided to get back to civilization and severed his connection with his red-haired friends.

A story was started on the Thomas that throws a shade of doubt over the Hung Hutsus part of the narrative. According to this story no Chinese bandit ever saw Mr. Unger's head shaved, but the trick was done by the transport's barber after he had come aboard. Passengers also declare that Unger intends to lecture in connection with his coming book on the situation in the Far East. The passengers repeated the tale under their breaths fore and aft, but Unger laughed at the report and dubbed it nonsense.

When he boarded the Thomas at Manila he found no accommodations for extra passengers and took up his quarters in a large stateroom which had one occupant. Soon after entering the door was locked and he learned that he was fastened in with Captain J. D. Cook, a violently insane man. Unger was badly frightened when he was released next morning. Somebody had told the attendant that Unger was crazy also and must be watched con-

> LINCOLN, Neb., July 12 .- William J. Bryan today gave out a statement ontaining the following:

"A Democratic victory will mean very little of any progress on economic questions so long as the party is under control of the Wall-street element. On the money question Mr. Parker is as thoroughly committed to the side of the financier as Mr. Roosevelt. If he does not go as far as the Repub-San Francisco Agents-The Nevads licans would in retiring silver dollars, in establishing branch banks, in enlarging the powers of the national banks and in the substitution of an asset currency for the present curency it will be because he is restrained by the Democrats in the House and Senate. Nothing greater can be expected from

"On the trust question the Democratic platform is very much better than the Republican platform, but the nomination of Judge Parker virtually nullitional Bank.
CHICAGO—Corn Exchange National fies the anti-trust plank. Unless in his letter of acceptance he commits himself to anti-trust legislation we need not expect him to pursue a different course from that pursued by President Roosevelt.

"So far as the labor questions are concerned, we must await Judge Parker's letter before we shall know whether the laboring man has anything NEW ZEALAND AND AUSTRALIA— to expect from his election. The labor plank as prepared by Judge Parker's Bank of New Zealand, and Bank of friends on the sub-committee was a straddling, meaningless plank. In the friends on the sub-committee was a straddling, meaningless plank. In the full committee planks were adopted in favor of arbitration and the eight- Honolulu Branch 67 King Street hour day and against government by injunction; also a plank on the Colorado situation. If Judge Parker is silent or ambiguous on these subjects it will TRANSACT A GENERAL BANKING mean that the men back of him will not permit him to take the labor side on these disputed questions.

"On the tariff question some little progress may be hoped for. But the Parker men on the committee were near all in favor of a very conservative plank, and it remains to be seen whether Judge Parker will carry out the definite plank which was substituted by the full committee.

"Judge Parker stands for enough things that are good to justify me in giving him my vote, but as I have tried to point out for several months, the triumph of the Wall-street element of the party denies to the country any hope of relief, on economic questions. I have nothing to take back, I have nothing to withdraw, of things that I have said against the methods pursued to advance his candidacy. It was a plain and deliberate attempt to deceive the party. The New York platform was vague and meaningless and purposely so, because the advocates of Judge Parker were trying to secure votes from among the people who would have opposed his views had they known them. If he had sent to the Albany Convention the telegram that he sent to the St. Louis Convention he would have had very few instructed delegates from the South and no possible chance for the nomination. But he and his managers adroitly and purposely concealed his position until the delegates had been corraled. Then his friends attempted to secure a gold plank, which was overwhelmingly defeated in the committee.

"After the party had rejoiced over the harmony secured by the omission of the question, and after he had secured the nomination, he injected his views on the subject at a time when he could not be taken from the ticket without demoralization. The nomination was secured, therefore, by crooked and indefensible methods; but the Democrat who loves his country has to make his decisions upon conditions as he finds them, not upon conditions as he would like to have them."

SUPPLIES FOR PHILIPPINES.

SEATTLE, July 2.-The Boston Steamship Company of which Frank Waterhouse & Co. are the local agents, was notified yesterday by the government that the contract for carrying military supplies to and from Puget Sound points and the Philippines had again been awarded to the concern. The corporation has held the contract for two consecutive years, and the recent award secures it for another twelve months. It was largely because of the efficient service of the company that it again secures the contract, as its bids were a trifle higher than several other competitors and even in advance of last year's.

It is expected that the tonnage of government freight for the coming season will be far greater than that of previous years, and if it proves in excess of what the company can conveniently handle with its four vessels, the Hyades, the Shawmut, the Tremont and the Pleiades, more ships may be put on the urn. At the present time, however, the company can easily handle in those four vessels all the freight desired by the government to be transported to Uncle Sam's Oriental possessions.

Through the award of the contract to the Boston Steamship Company considerable additional marine business will pass through this port. All of the company's vessels are loaded here or at Tacoma.
